CERTIFICATIONS

ETHICAL HACKING

Attended Ethical Hacking Workshop by What After College held at IIT Madras and learnt the basics(Phishing,Password cracking,SQL injection) of Ethical hacking.

WHY I SHOULD BE HIRED?

- Ability to work under pressure and to tight deadlines.
- Capable of developing and designing web applications according to the client's requirement.
- Created responsive websites from scratch.Writing unit tests to improve code predictability and documentation.
- To be simple,"IF YOU HIRE ME, I WILL NEVER LET YOUR VALUABLE TIME YOU SPENT ON HIRING TO BE WASTED"

WORK EXPERIENCE

I have worked with friend's portfolios, some other mobile responsive websites using the latest features of bootstraps and Javascript and JQuery, HTML and CSS and Node.js.
